

## **CS 250 Agile Team Charter Template**

## **SNHU Travel Site**

| Item                     | Response  |
|--------------------------|---|
| Business Case/Vision     | Help maintain SNHU Travel's position as one of the top travel                                   |
| (value to attain)        | agencies in New Hampshire by providing a site for customers looking                             |
|                          | to book great deals on travel.  |
| Mission Statement        | Creating a site that engages visitors looking for deals on travel, and                          |
| (result to accomplish)   | providing content ton inform them of travel options, and to                                     |
|                          | encourage them to make travel bookings through the site.  |
| Project Team             | Christy, Product Owner  |
| (team members and roles) | Ron, Scrum Master   |
|                          | Brian, Tester   |
|                          | Nicky, Developer  |
| Success Criteria         | Start date: Feb 27, 2023  |
|                          | Expected completion date: Apr 3, 2023   |
|                          | Final deliverable: Travel Site operational  |
|                          | Key project objectives: Create new revenue stream for SNHU Travel                               |
|                          | from site visitors  |
| Key Project Risks        | Risk losing marketshare if customers cannot book travel with SNHU                               |
|                          | Travel online   |
| Rules of Behavior        | All team members will treat each other with respect at all                                      |
| (values and principles)  | times   |
|                          | <ul> <li>We will recognize and celebrate all individual and team<br/>accomplishments</li> </ul> |
|                          | We will accept responsibility and be accountable for our  |
|                          | actions   |
|                          | We will give consideration to whomever is speaking and  |
|                          | avoid sidebars or speaking over one another   |
|                          | We will work collaboratively when possible and use a  |
|                          | consensus approach when making team decisions   |
| Communication Guidelines | We will hold regular daily meetings in the team room at 9am                                     |
| (scrum events and rules) | each work day   |
|                          | We will make every effort to attend all scheduled meetings in                                   |
|                          | person (exceptions being scheduled and/or sick leave)   |
|                          | We will update our tasks on the kanban board each work day                                      |
|                          | morning before 9am  |
|                          | If a meeting must be cancelled or additional meetings are                                       |
|                          | required, the Product Owner will send out notifications as                                      |
|                          | early as possible   |
|                          | All team members are expected to be on time for all   |
|                          | meetings  |
